## General Manager's Massage

In 2014, MASA Petroleum Services Co. established to be one of the first companies in Egypt specialized in training and other Petroleum Services.

With my great pride, I welcome you to MASA Petroleum Services. I thank all of our customers who dealt and continue dealing with Masa Petroleum Services.

In spite of the short history of MASA Petroleum Services, it pleases us to see that its name is starting to become known in the field of oil and gas industry in Egypt. We still have lots of work to do to continue moving forward with pride and determination.

Our Growth philosophy is based on our aspirations to lead in the field of petroleum services in a timely delivery of our service to our customers. Our expansion program envisages developing more services across the country. At present, basically, we are working in four different areas. One of them is the Training and Development which is represented in MASA Training Academy. Please feel free to have a look around and learn more about MASA Petroleum Services through our website.

I am pretty confident that we, with our team, shall be able to carve a shining name in the petroleum service industry in Egypt and the Middle East.

First and foremost, everything we are doing is guided by one unwavering principle "Do what is best for our customer. Customer safety and satisfaction are at the heart of every decision we make".

MASA Petroleum Services – Proud to serve

*Amr Kadry*

## **Our Vision & Mission**

MASA Petroleum Services Co. Objective is to participate in the advancement of the Oil and Gas industry in Egypt and Middle East by implementing the latest training tools.

Also to establish a professional company and training center for training and technical support in the field of Oil and Gas Industry.

In addition to training and graduating highly qualified human resources and maintain its competitive advantage as a domestic leading company and to open up new markets in neighboring countries. Our vision is to be the region's primary choice for Oil & Gas Services.

Recognized fore-designing processes, managing information and providing solutions that deliver a competitive advantage to our customers, we will be the leading, next generation oil & gas service company.
